

Did You Know  
Your *Displaced Members*  
Can Hear  
Your Service... **LIVE?**

Home-bound

Bad Weather

Troops

Away Students

How? With *Lightcast Virtual Church:*

**YOUR CHURCH**  
(connects Lightcast  
to soundboard)

**HOME-BOUND**  
(uses Lightcast receiver  
to hear LIVE service)

**As Easy as Pressing 2 Buttons on a Phone!**

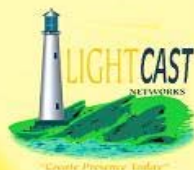

"It's just like I'm there... It's wonderful to know my church cares enough to do this for me."

- Joan Brown, Home-bound Lightcast User

"We would suggest each church look at this ministry as a great avenue to 'include' those, who are often forgotten about, to be part of the worship experience."

- Charles N. Teague, Randolph Baptist Church

**Low Cost Live Broadcast...**

**Let Us Help You Reconnect Your Home-Bounds**

To all those looking at Lightcast,  
thanks for remembering your  
Home-Bounds in 2006!

Sunday school classes nationwide are now sponsoring their Home-bounds and feeling the joy of reconnecting them to church.

Our average church has 5 Homebounds, so even though 3 or 4 may seem like hardly enough in your church, they need LIVE church interaction and reconnection to their home church.

Call about our **Lightcast Mission Call** allowing Missionaries to dial into the Sanctuary and update the church and Home-bounds from their work in the field.

**\*Your church service is worth listening to Live. Let your church leader over Home-bound's know there are less costly alternatives to TV and Radio.**

**Home-Bound users say:**  
**The Live connection creates an overwhelmingly stronger spiritual presence than a 3 day old cassette. Especially when the Pastor mentioned my name.**

Many of your church's Home-Bounds need to participate in a live church service for inspiration, spiritual growth, meaningful worship and to feel involved. Let the joy of providing this to them be yours. Intentionally activate your inactive and grow your listeners with Lightcast Networks. [www.lightcastnetworks.org](http://www.lightcastnetworks.org) or 1-866-865-2278 ext 2

\* Allow them to listen to service or class from anywhere in the nation, and for a fraction of the cost of a radio ministry.

\* It's a spiritual outreach, it's fellowship and it's ministering beyond the pews, in real time with no high tech worries. Lightcasting is relevant and authentic because your Church's Live Service creates an interactive spiritual Presence that really does matter.

\* Emphasize a sense of belonging for your Home-Bounds and create new ministries with "Visit and Listen Ministries." As simple as visiting with a hymnal or program and listening to service with your Home-bounds using this Lightcast system. Create a 4-D connection with a circular affect : Lay minister > Homebound > Church > Spirit > Lay minister.

\* When church budgets are tight, this is what a Sunday School classes do to help a Home-bound: Adopt-a-Homebound ministry and take responsibility in helping a Home-bound re-connect. For as little as a nickel a day per class member, one class can fund a Home-bound. Have your classes become involved in outreach.

\* Call us for a demo unit and sample service to dial in and listen to one Sunday. See the back of this flyer for pricing information. Listen to a pre-recorded service 1-866-865-2278 ext 1, our Home Receivers can fill a room with your Church.
